NUTRACEUTICAL & INDUSTRIAL VACUUMS FOR HOUSEKEEPING

DON'T LET CROSS-CONTAMINATION SLOW YOU DOWN!

You need..

- Powerful, efficient filtration
- Reliable, durable housing
- Fully grounded operation

To efficiently remove any dust during the manufacturing of nutraceuticals or pharmaceuticals, you need superior filtration and power. Ruwac's MicroClean filters are specifically designed to collect and contain fine powders and dusts. The innovative pleated design allows filter area to be maximized within a confined space and are made out of only the best quality materials to ensure longevity and performance. Ruwac filters are 99.9% efficient at removing particles down to and including .5 micron. Unlike cartridge or paper filters which need to be replaced, our filters are permanently installed and can be cleaned without disassembling the vacuums. HEPA upgrades available!

All Ruwac Vacuums Include A 3-Year Filter Guarantee!

The WS2220 is intermittent duty vacuuming for fine dust collection and general housekeeping at its best. This portable vacuum even features a sound suppressed motor that operates quietly, and at no expense to your vacuum system's performance, making it the most powerful industrial vacuum of its size on the market! The WS2220 is fully grounded, made from durable compression cast housing and can be upgraded to HEPA filtration.

GENERAL HOUSEKEEPING

WS2220

Voltage	110
Hp	3.2
Motor	Single Phase
Pressure	7.2 Hg"
CFM	200
Filter	13 sq. ft.

- INTERMITTENT DUTY
- COMPRESSION CAST COMPOSITE HOUSING IS GUARANTEED FOR LIFE!
- FULLY GROUNDED TO PROTECT AGAINST STATIC BUILD-UP

OPTIONS

45" Chrome Wand (#5003-BL)
32" Floor Sweep (#5060)
HEPA Filter

PROCESSING

The DS1 Workhorse Quiet Vac series is your continuous duty solution to removing of fine dust and powder ideal for point of source extraction. Like the WS2220, these vacuums feature a sound suppressed motor that comes at no expense to the CFM rating, and also boasts temperature control for safe operation. The Quiet Vac's size allows for use with multiple operators, is fully grounded and made from durable compression cast housing with optional HEPA.

Quiet

GROUNDING

HEPA Option

- CONTINUOUS DUTY
- FOR POINT OF SOURCE EXTRACTION AND USE WITH MULTIPLE OPERATORS
- COMPATIBLE WITH LOC-LINE HOSES
- COMPRESSION CAST COMPOSITE HOUSING IS GUARANTEED FOR LIFE!
- FULLY GROUNDED TO PROTECT AGAINST STATIC BUILD-UP

OPTIONS

Fume Arm
HEPA Filter

DS1001

Voltage	110
Hp	1.5
Motor	Single Phase
Pressure	5.5 Hg"
CFM	150
Filter	13 sq. ft.

DS1151

Voltage	230 / 460
Hp	3
Motor	Three Phase
Pressure	5 Hg"
CFM	180
Filter	13 sq. ft.

DS1221

Voltage	230 / 460
Hp	3
Motor	Three Phase
Pressure	5.7 Hg"
CFM	180
Filter	13 sq. ft.

FILTERED SEPARATION

Filtered separators are a great solution to the manufacturer looking to re-use collected materials. These separators meet FDA compliance with their stainless steel construction and optional FlexStat hose and tools. For more information about filtered separators, contact Ruwac today!

HEPA Option

*Includes 1 micron primary filter

- COLLECTS DUST PARTICLES FOR RE-USE WITHOUT THE WORRIES OF CROSS-CONTAMINATION
- STAINLESS STEEL CONSTRUCTION IS FDA COMPLIANT
- FOR USE WITH ANY PREEXISTING OR RUWAC VACUUM SYSTEM

OPTIONS

5 micron Paper Bag Filter
0.03 micron HEPA Filter
FlexStat Hose

INDUSTRIAL VACUUMS FOR HOUSEKEEPING | PROCESSING | FILTERED SEPARATION

ACCESSORIES & OPTIONS

NA35 Immersion Vacuums

If you are working with an application that contains hazardous dust, Ruwac's NA35 Series Immersion Vacuums safely submerges particle in a water bath, thus reducing the risk of combustibility.

FRV110 Explosion Proof

OPTIONAL: Certified explosion proof vacuum for Class 1, Div. 1, 2, Group D and Class II, Div. 1, 2, Group F & G Environments for the handling of combustible hazardous dusts.

Central Vacuum Systems

Central vacuum systems with the correct vacuum producer, filtration unit, collection container and tubing system for your needs. Our engineers will help you meet OSHA and NFPA requirements to present a safe working environment!

HEC Pre-Separators

OPTIONAL: Collect 97% of debris before reaching the vacuum with Ruwac's HEC pre-separators. Increases filter life. 30 & 55 gallon drum. Features such as direct bagging, tipping drum and lifting assembly makes emptying easy. Very portable.

HEPA Upgrade

OPTIONAL: Modular housing allows for upgrades to HEPA filtration at any time, to collect and contain debris down to and including 0.3 microns.

More Accessories!

Ruwac offers a wide variety of FDA approved accessories to fulfill your vacuum needs! Contact us today to receive your very own copy of our Accessory Catalog!
