

WORKHORSE STATIONARY

CONTINUOUS DUTY
CLASS II DIVISION 2 INDUSTRIAL SERIES

WORKHORSE STATIONARY

CONTINUOUS DUTY

CLASS II DIVISION 2 INDUSTRIAL SERIES

The Extractor Breakdown:

A) Carbon Impregnated “Indestructible” Oval Composite Housing

- Fully conductive and will never dent, crack or rust! GUARANTEED FOR LIFE

B) Superior sound suppression

- Silencer provides quiet operation while keeping motor cool during operation

C) Ruwac Exclusive Multi-Stage Maxflo Turbine

- Produces more suction using less horsepower
- Designed for continuous 24/7 operation
- Long lasting 15,000 hr run time with no maintenance required

D) Fully enclosed TEFC continuous duty motor

- Class II Division 2 groups F & G

E) Optional HEPA MAXX filter

- 99.997% efficient @ 0.3 microns
- Oversized MERV 18
- External visual gauge for replacement indicator
