

W306/307

GV10-XLT, GAS POWERED

- (1) 10HP Gas/Propane Engine, 330 CFM, 104 H2O” - 9 Gallon Dust Pan
- Use for Large Surface Prep Applications and up to 50’ of Hose
- 28 ft/sq Primary Filter- 99 Filter Efficiency
- Optional HEPA Maxx Secondary Filter 99.997% Efficiency @ .3 Microns
- No Electrical Power Required for Operation!
- Fully Conductive 10-6 OHMS Non-Sparking by Impact

WX306

GV10-XLT, GAS POWERED

- (1) 10HP Gas Engine, 330 CFM, 104 H2O” - 30 Gallon Drum
- Ergonomically Engineered **“HEC-XLT Vacuum Combo”**
- Use for Large Outdoor Surface Prep Applications and up to 50’ of Hose
- 28 ft/sq Primary Filter- 99 Filter Efficiency
- No Electrical Power Required for Operation!
- 95% Efficient Pre-Separator Cyclone with 30 Gallon Collection Drum
- Fully Conductive 10-6 OHMS Non-Sparking by Impact

WB307

WORKHORSE PROPANE BAGGER

- (1) 10HP Gas Engine, 330 CFM, 104 H2O” - Direct Bagger Design
- Ergonomically Engineered **“Double Stack”** Design
- Use for Large Surface Prep Applications and up to 50’ of Hose
- 28 ft/sq Primary Filter- 99 Filter Efficiency
- No Electrical Power Required for Operation!
- Fully Conductive 10-6 OHMS Non-Sparking by Impact

PB637

POWERHOUSE PROPANE BAGGER

- (1) 17HP Gas/Propane Engine, 630 CFM, 80 H2O” - Direct Bagger Design
- Newly Engineered **“Double Stack”** Design
- Use for Large Outdoor Surface Prep Applications and up to 50’ of Hose
- Extra Large 45 ft/sq Primary Filter- 99.997 Filter Efficiency
- Optional HEPA Maxx Secondary Filter 99.997% Efficiency @ .3 Microns
- No Electrical Power Required for Operation!
- Fully Conductive 10-6 OHMS Non-Sparking by Impact
