

**Designed for power users operating in the most extreme of cleaning environments, our 2.0" Overhead Cleaning poles are the next evolution in cleaning.**

Developed in response to customer demand from operators who were cleaning in extreme heavy duty environments, our 2" cleaning poles offer an increased operating diameter to users, to increase airflow when cleaning at height - even when removing heavy duty blockages such as sawdust, wood shavings, or metal filings.

Engineered to the highest standards - our 2" poles are manufactured to a high grade 100% carbon formula and are all tested and certified to NFPA standards.
