FOR IMMEDIATE RELEASE:

Ruwac USA Introduces: RB331PRO / The Beast

Holyoke, MA – *Ruwac USA* is one of America's most innovative designers and manufacturers of technologically advanced, superior quality industrial vacuum systems for virtually all industrial applications, including, but not limited to: building maintenance, manufacturing processes, explosion proof safety, fume extraction, dust removal, machine tools, and more.

We have industry-leading filtration systems with innovative design and reliability. *Ruwac* equipment is suitable for various applications, including protecting workspaces from combustible dust, general housekeeping, and point of source extraction.

The RB331PRO "The Beast" offers the highest performance **110V powered vacuum** has to offer while only requiring a **15-amp circuit**. This vacuum includes all the features, benefits, and guarantees that *Ruwac USA* has become known for.

Complete with **330 CFM**, the **RB331PRO Direct Bag** by *Ruwac USA* has everything you need for small, medium, and large surface preparation applications. As part of *Ruwac's* direct bagging **Pro Series**, this vacuum features a bagged collection system for dust-free collection. Ensure your employees never encounter hazardous dust again with *Ruwac's* **RB331PRO Direct Bag**.

Equipped with *Ruwac's* industry leading **MicroClean Primary Filtration**, Secondary **HEPA MAXX Filtration**, and an external mechanical filter cleaning mechanism, the **RB331PRO Direct Bag** is **OSHA Compliant** right off the skid!

Additional Features & Benefits:

- **Bagged collection system** allows for dust-free maintenance
- Zero contact with contaminants
- **Fully grounded** to protect against static build-up
- Durable compression cast "**bulletproof**" composite housing – will never dent or rust
- *Ruwac* Continuous Bagging System

These units are in stock and ready to ship. Contact your local *Ruwac* representative or distributor to learn more, get a quote, or schedule a demonstration.
